

Ángel Alexander Cabrera

I am a first year PhD student in the [Human Computer Interaction Institute \(HCII\)](#) at [Carnegie Mellon University](#).

My research focus is broadly **human-centered AI**, specifically in applying techniques from **HCI** and **visualization** to help people better understand and develop machine learning models. I am supported by a [NSF Graduate Research Fellowship](#).

Before CMU, I graduated with a B.S. in Computer Science from [Georgia Tech](#), where I was a member of the [Polo Club of Data Science](#) and worked with [Polo Chau](#) and [Jamie Morgenstern](#). I also spent a few summers as a software engineering intern at [Google](#) working on Google Maps, Cloud Dataflow, and Android Auto.
