

Ángel **Alexander Cabrera**

I am a PhD student in the [Human Computer Interaction Institute \(HCII\)](#) at Carnegie Mellon University, advised by [Adam Perer](#) and [Jason Hong](#). My research focus is broadly human-centered data science, specifically in applying techniques from HCI and visualization to help people better understand and improve their machine learning models. I am supported by a [NSF Graduate Research Fellowship](#).

Before CMU, I graduated with a B.S. in Computer Science from Georgia Tech where I worked with [Polo Chau](#) and [Jamie Morgenstern](#). I've spent time at Microsoft Research and a few summers as a software engineering intern at Google working on Google Maps, Cloud Dataflow, and Android Auto.
